

Blue

Marina and The Diamonds

We've broken up and now I regret it (regret it)
I said goodbye when I shouldn't have said it (said it)
I even cried but I never meant it (regret it)
And I don't know why but I can't forget it, forget it Gimme love, gimme dreams, gimme a good
self esteem
Gimme good and pure, what you waiting for?
Gimme everything, all your heart can bring
Something good and true
I don't wanna feel blue anymore (blue)
I don't wanna feel blue anymore (blue)
Gimme, gimme Gimme one more night
One last goodbye
Let's do it one last time
Let's do it one last time
One more time
No, I don't love you
No, I don't care
I just wanna be held when I'm scared
And all I want is one night with you
Just cause I'm selfish
I know it's true Gimme love, gimme dreams, gimme a good self esteem
Gimme good and pure, what you waiting for?
Gimme everything, all your heart can bring
Something good and true
I don't wanna feel blue anymore (blue)
I don't wanna feel blue anymore (blue)
Gimme, gimme Gimme one more night
One last goodbye
Let's do it one last time
Let's do it one last time
One more time
I'm sick of looking after you
I need a man to hold on to
I'm bored of everything we do
But I just keep coming back to you I'm sick of looking after you
I need a man to hold on to
I'm bored of everything we do
But I just keep coming back to you For one more night (one more night)
One last goodbye (last goodbye)
Let's do it one last time (one last time)
Let's do it one last time
One more time Gimme love, gimme dreams

Gimme a good self esteem
Gimme good and pure, what you waiting for?
Gimme everything, all your heart can bring
Something good and true
I don't wanna feel blue anymore (blue)
I don't wanna feel blue anymore (blue)
Gimme, gimme, gimme anything
But blue, blue, blue, royal blue
I just wanna know who I'm looking for (blue)
