

# Brown Eyed Lover

Allen Stone

Waiting

Waiting

Waiting I've got a brown eyed lover

On the other side of town

I don't wanna keep her waiting

(I don't wanna keep her waiting, waiting)

She's got me upside tongue-tied

Twisted all around

I don't wanna keep her waiting

(I don't wanna keep her waiting, waiting)

Well, I don't know

I can't tell

Will this last

Or just come and go?

It came so fast

And my feet feel cold

But my mind is for sure

And my heart remains

Oh, she's got everything you want

Wardrobe bought at the thrift shop

And all my friends adore her

She reminds me of my mother

She wonders how my day went

And don't care about my paychecks

Well, I don't wanna keep my baby waiting

I've got a brown eyed lover

On the other side of town

I don't wanna keep her waiting

(I don't wanna keep her waiting, waiting)

She's got me upside tongue-tied

Twisted all around

I don't wanna keep her waiting

(I don't wanna keep her waiting, waiting) Oh, let me think

What if she finds a man

Who's got so much more time

For her than me on his hands?

That don't make sense

Why would she wait so long

Just to run away?

Oh, she's got everything you want

Let's me pick the restaurants

And all my friends adore her

And I can still afford her  
She wishes I'd stop worrying  
About where my next paycheck is  
Well, I don't wanna keep my baby waiting! I've got a brown eyed lover  
On the other side of town  
I don't wanna keep her waiting  
(I don't wanna keep her waiting, waiting)  
She's got me upside tongue-tied  
Twisted all around  
I don't wanna keep her waiting  
(I don't wanna keep her waiting, waiting) I've got a brown eyed lover  
On the other side of town  
I don't wanna keep her waiting, ye  
(I don't wanna keep her waiting, waiting)  
She's got me upside tongue-tied  
Twisted all around  
I don't wanna keep her waiting  
I don't wanna keep her waiting (I  
don't wanna keep her waiting, waiting)  
I don't wanna keep her waiting (I  
don't wanna keep her waiting, waiting)  
I don't wanna keep her waiting (I  
don't wanna keep her waiting, waiting)  
I don't wanna keep her waiting
