

Somewhere on a Beach

Dierks Bentley

Bet you think I'm sittin' at home, naw
Bet you think that I'm all alone, naw
Bet you think I'm missin' you and wishin' you would call my phone
Hell, naw
I went wheels up on a runway
And that ticket was a one way
I'm somewhere on a beach
Sippin' somethin' strong
Got a new girl, she got it goin on
We drink all day, and party all night
I'm way too gone to have you on my mind
she got a body and she's naughty
and she got me like you ain't never got me
I'm gettin' sun, gettin' some, and I ain't slept in a week
Yeah, I'm somewhere on a beach.
Heard you called my boys
Heard you called my folks
They said you drove by my house real slow
You can check any spot, roll down every road
But girl, I ain't even close
I'm somewhere on a beach
Sippin' somethin' strong
Got a new girl, she got it goin on
We drink all day, and party all night
I'm way too gone to have you on my mind
she got a body and she's naughty
and she got me like you ain't never got me
I'm gettin' sun, gettin' some, and I ain't slept in a week
Yeah, I'm somewhere on a beach.
I wish it could've worked out
But I'm gettin' over you now
On a beach towel
With my shades on
My drink's up
And the sun's out
Huh! I'm somewhere on a beach!
I'm somewhere on a beach
Sippin' somethin' strong
Got a new girl, she got it goin' on
We drink all day, and party all night
I'm way too gone to have you on my mind
she got a body and she's naughty
and she got me like you ain't never got me
Gettin' sun, gettin' some, and I ain't slept in a week
Yeah, I'm somewhere on a beach
Yeah, I'm somewhere on a beach
