

Hotel (feat. Chris Brown)

Kid Ink

I said why you over there lookin' at me?
While I'm with my girlfriend
Why you over there lookin' at me and my girlfriend?
Let's take it to the hotel, let's take it to the hotel I said why you over there lookin'?
Got a starin' problem and you fuckin'
I know you see my girl, stop frontin'
I could tell you up to a lil' somethin', hol' up
I'ma play it cool, baby roll one
While you make your way and get over here
My girl ain't down then it's over
Just tell her that she look good when I'm over there
In the first place, pour one up
Baby don't be too thirsty
Groupie love ain't ever gon' work see
Hoes ain't loyal and never keep it lowkey
That ain't alright
I'ma take a shot, couple shots thru the night
Tell a joke, keep it fun, make her feel it's alright
Give you the game wholesale
And bet a hundred that I take 'em to the hotel
I said why you over there lookin' at me?
While I'm with my girlfriend
Why you over there lookin' at me and my girlfriend?
Let's take it to the hotel, let's take it to the hotel
Take it to the hotel, baby leave with me
Know I got a penthouse suite
I said why you over there lookin' at me?
While I'm with my girlfriend It's kinda hard when I see you lookin' over here
With them eyes
I got a girl but I'm feelin' your body
So I'ma have to just play both sides
I hope she don't come over here
Cause I'm with my girl, you know I love her
I got two of my bitches in the club
And they know about each other, oh no
But a nigga never Paranoid
You fuckin' with a man not a little boy
What? I could barely hear your lil voice
In the club but your body makin' all the noise
Clap it up, stack it up
Where your purse? Just pack it up
Grab her hand, tell her we should go now

If you really wanna take this party to the hotel I said why you over there lookin' at me?

While I'm with my girlfriend

Why you over there lookin' at me and my girlfriend?

Let's take it to the hotel, let's take it to the hotel

Take it to the hotel, baby leave with me

Know I got a penthouse suite

I said why you over there lookin' at me?

While I'm with my girlfriend Over there lookin' all suspicious

Get a clue girl, don't be a mystery

I see you likin' on all my pictures

Of me and my bitch

Up in all of our business

So, you gotta know it ain't a limit to

What appeal and the liquor do

Make a straight girl go down

Just spit down

I might fuck around and lick her too

It ain't a problem, my metabolism high

Eat you both up for dinner

Just keep it real with a real mothafucka

Ain't got time for no pretenders

Now just bring it to me

That fleek, that freak, no classy stuff

Been pushin' up, don't pussy now

Bitch, what you really on? I said why you over there lookin' at me?

While I'm with my girlfriend

Why you over there lookin' at me and my girlfriend?

Let's take it to the hotel, let's take it to the hotel

Take it to the hotel, baby leave with me

Know I got a penthouse suite

I said why you over there lookin' at me?

While I'm with my girlfriend
