

Find a Partner

Massari

Lately I thought about it
I love the thought of us together
You know I got it
Cant no one do you better
Baby I thought about it
Just know that I'll be there forever
You want it than mami let me know
I'm feeling need of a partner Make sure your not alone
Loose your mind, loose control
Take it high, bring it low
Let me see you wind on me slowly
Girls on the floor
Move fast move slow
I know you want to know if imma be your partner
Jump up and find a partner
'cause I'm gonna find a partner
So you need to find a partner
And I hope you go Jump up and find a partner
'cause I'm gonna find a partner
So you need to find a partner
And I hope you go I need you don't you doubt it
I ain't been the same after since I met you
Aint nothing wrong with that
By the way you movin girl I know imma get cha
So mami let me know hows it Gonna go down
'cause I want you and you want me to
Got me feeling like theres no one around
Make sure your not alone
Loose your mind, loose control
Take it high, bring it low
Let me see you wind on me slowly
Girls on the floor
Move fast move slow
I kno you want to know if imma be your Partner Jump up and find a partner
'cause I'm gonna find a partner
So you need to find a partner
And I hope you go Jump up and find a partner
'cause I'm gonna find a partner
So you need to find a partner
And I hope you go Shake Your Body Girl
Move Your Body Girl
Shake Your Body Girl I want you girl you gotta know

Im makin sure your not alone
Just want your body girl move it slowI gotta know I gotta knowJump up and find a partner
