

# Sweet Honey

## Slightly Stoopid

(miles)

put up your hands girl but not so, so pushy  
if you wanna be comn' and makn' sweet love to me  
and if your the type of girl that do anything me please  
maybe then i realize you ain't got what i need  
to keep my soul alright  
it keeps me up high above  
yes me got the reason to come question your love  
it keeps my soul alright  
it keeps me up high above  
want me girlie to come give me some sweet lovn'  
and in the morning time she makes me feel alright  
then me gotta be waitn' till the day turns to night  
cause in the evening time she makes me feel alright  
girl you got me wishin' this would happen every night

(miles and sister)

said if you want to get with me  
girl this is what you'll find

but a man who's got the type of moves to make u loose your mind  
you tell me that your love is true on each and every day  
you tell me that you've got that type of lovn' here to stay

SWEET HONEY(kyle)

you see me laughin'  
cause it's kinda funny to me

the way she say she never give her lovn' for free  
she say she got a man why she lookn' at me  
yes she want a lover with the sensativity ya

(miles)

but wont you tell me that your loves from the heart  
yes the type of lovn' that can tear mine apart  
girl you got to realize before it ever starts  
yes i am the man who wont come breakn' your heart

(miles and sister)

said if you want to get with me  
girl this is what you'll find

but a man who's got the type of moves to make u loose your mind  
you tell me that your love is true on each and every day  
you tell me that you've got that type of lovn' here to stay

SWEET HONEY

she gonna steal my money

SWEET HONEY
