

Big Tires

Lenny Cooper

Big tires, big tires
I got some big tires, 54's coming down the road
...hear my truck roar
Tires so loud, people saying good lord
You can hear me from miles away,
In a mud hole's where I stay
Come and play but some things are required
You gotta have a big truck and some big tires Lookout it's the monster truck
Raving up, they get the crowd popped
These big tires ... caked up
Holding off the line making deep broads
We take it serious, this ain't a game
These trucks gone wild man it's insane
Stack through the hood, blowing flames
Slinging roof and tails as hot as aero planes
We getting loose, we're a crazy gang
Trucks lined up like a crazy train
This is what we do there ain't no stopping us
Driving off the cars in out big trucks
It's now or never just sky's the limit
Jack them up is how we living
If you don't feel it then you wanna ask why
...something about a big truck and big tires
Big tires, big tires
I got some big tires, 54's coming down the road
...hear my truck roar
Tires so loud, people saying good lord
You can hear me from miles away,
In a mud hole's where I stay
Come and play but some things are required
You gotta have a big truck and some big tires Fall up, Rocky Ridge, tell him I need me a
monster lift
From a super...
Tearing up the woods just like a logger
I'm climbing rocks, straight up to the top
...jump out your socks
I'm always ready, it'... to the wall
Sometimes it's slips and close calls
But it's fun and that's what it's all about
Mud balls... riding down the dirt roads to find the spot
Switching gears and being fully locked
It is what it is and what I desire

My Chevrolet can do a ...
Yeah, it's big truck, damn right
With what? You know, big tires
Big tires, big tires
I got some big tires, 54's coming down the road
...hear my truck roar
Tires so loud, people saying good lord
You can hear me from miles away,
In a mud hole's where I stay
Come and play but some things are required
You gotta have a big truck and some big tires
Big tires coming down the road,
I'm on the way to truck show
Now I'm on the scene and all eyes on me
Big tires on the truck that's the real clean
I'm big time country stunting, yeah I'm bumping, let me tell you something
This pretty ass blonde, walks on up and says
Excuse me ... can I ride in your truck
I said hell yeah girl, climb on ...
Now it's time to ride, it's party time
We riding high, it's ... a great time to shine and you to be mine
With white teeth with mud stains, raise in hell
...so drop your chain and hook it on up
To my big truck, with big tires
Big tires, big tires
I got some big tires, 54's coming down the road
...hear my truck roar
Tires so loud, people saying good lord
You can hear me from miles away,
In a mud hole's where I stay
Come and play but some things are required
You gotta have a big truck and some big tires.
