

Black Jesus + Amen Fashion

Lady Gaga

Black, black, black
Black, black, black
Black, black, black Jesus is the new black
Jesus is the new black
Jesus is the new black
Jesus is the new black, aow! I grew up in New York City
Since I was born on Broadway, baby!
Moved downtown when I was just nineteen
To start a new life on the New York scene There's no way I could be stopped
Was taking my best shot
I had a better plan
There's no way I could be stopped
Was coming for your spot
I meet a better man
Amen, on the runway
Dressed in his best
Amen Fashion, on the runway
Work it! Black Jesus
Amen, on the runway
Dressed in his best
Amen Fashion, on the runway
Work it! Black Jesus Dancing in my revelation
Underground pop civilization
Concrete poetry to feed my mind
Old symbolism was left behind There's no way I could be stopped
Was taking my best shot
I had a better plan
There's no way I could be stopped
Was coming for your spot
I meet a better man
Amen, on the runway
Dressed in his best
Amen Fashion, on the runway
Work it! Black Jesus
Amen, on the runway
Dressed in his best
Amen Fashion, on the runway
Work it! Black Jesus Put it on
A-Amen Fashion
Celebrate, uh uh!
A new compassion Put it on
Amen Fashion

Celebrate, uh uh!
Style your passionPut it on
A-Amen Fashion
Celebrate, uh uh!
A new compassionPut it on
Amen Fashion
Celebrate, uh uh!
Wear out your visionBlack Jesus
Black Jesus
Black Jesus
Jesus is the new black, aow!!Amen, on the runway
Dressed in his best
Amen Fashion, on the runway
Work it! Black Jesus
Amen, on the runway
Dressed in his best
Amen Fashion, on the runway
