

# Red Eye (feat. Haim)

Kid Cudi

Hey!  
Love, hate, play this game of give and take  
Won't stay, we all make mistakes  
Ill say, what a wonderful escape  
I erase  
Hey, hey, hey Things get crazy, feel I'm losing my mind  
I dont know what to do  
Im going insane and I really dont know why  
There's only one thing to do  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye)  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye)  
Things get crazy, feel I'm losing my mind  
I dont know what to do  
Im going insane and I really dont know why  
There's only one thing to do  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye)  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye) I can't understand, I don't understand it  
The visions in my head  
I just can't make sense of it  
Cause I can never run  
I can never run, I can never run  
There's no use for it baby  
I can never run  
I can never run, I can never run  
I'm so used to you baby  
I can never run, I can never run  
There's no use for it baby  
I can never run  
I can never run, I can never run  
I'm so used to you baby  
Things get crazy, feel I'm losing my mind  
I dont know what to do  
Im going insane and I really dont know why  
There's only one thing to do  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye)  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye) Things get crazy, feel I'm losing my mind

I dont know what to do  
Im going insane and I really dont know why  
There's only one thing to do  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye)  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye) Ooo-oh! Ooo-oh!  
Things get crazy and I feel I'm losing my mind  
Baby oh-oh!  
Ooo-oh! Ooo-oh!  
Things get crazy and I feel I'm losing my mind  
Baby oh-oh! Things get crazy, feel I'm losing my mind  
I dont know what to do  
Im going insane and I really dont know why  
There's only one thing to do  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye)  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye) Things get crazy, feel I'm losing my mind  
I dont know what to do  
Im going insane and I really dont know why  
There's only one thing to do  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye)  
I'm floating through the night on a red eye, red eye  
(Through the night on a red eye, red eye)
