

Love (feat. Zoë Johnston)

Delerium

Even my heart is
Broken in two
Now I feel no sense of certainty
Can there ever be any guarantees in life?
Tell me You ask yourself
What do you know?
I know Ill always love you
Baby?
And you ask me
How I feel about you
(Ill tell you)?
I know Ill always love you
Here in home?
I feel alone and lost
Feel no sense of safety
Can there ever be any guarantees in life?
Tell me
Oh tell me You ask yourself
What do you know?
I know Ill always love you
Baby?
And you ask me
How I feel about you
I know Ill always love you
I will take you away from yourself for a while
(Yes I will take you away)
?
Back to each year that
I have loved you
