

# State of Mind

## Mad Caddies

Mad Caddies LYRICS "State of Mind" I feel the heat, a fire that burns  
Deep in my soul as this hell ride returns  
No one around to hear me cry out  
Open my mouth but I can't make a sound I feel the weight of the world sometimes  
hanging on my head, whoa  
Look for the light at the end of this tunnel once again  
I'm talking 'bout the right state of  
The right state of  
The right state of your mind Fear for the worst, I can't catch my breath  
My heart beats to the sound of unrest  
Pulse racing high, my thoughts are so low  
Reach out my hand but there's no one to hold We walk alone through this strange life  
it can be so cold sometimes, whoa  
Just close my eyes and remember  
if you search you just might find I'm talking 'bout the right state of  
The right state of  
The right state of your mind  
I feel the weight of the world sometimes  
hanging on my head, whoa  
Look for the light at the end of this tunnel once again I'm talking 'bout the right state of  
The right state of  
The right state of your mind
