

# Trippin' (feat. Khalid)

## Buddy

[Hook: Khalid]

I'm sipping

Sipping got me twitted up

I'm living

Living got me tripping out

No feelings

Man those feeling got me flipping out

I'm tripping (x2)[Verse 1: Buddy]

Oh you wanna roll with the big dawgs

Smoke a little drough with the big dawgs

Pass that, hindo

Take one shot then evolve

Put the tab on your tongue let it dissolve

And you got something to share you can get involved

Listen to grateful dead and I'm tripping balls

Hoping your having fun when I lift off

Fuck your plug, fuck your drugs

I got my own nigga

Took a steam in the cap to the dome nigga

I ain't been this high since coachella

New level, I can feel it

Psychedelic

Please do not fuck with my energy

Is you my friend or my enemy

I could do this till infinity

[Hook: Khalid]

I'm sipping

Sipping got me twisted up

I'm living

Living got me tripping out

No feelings

Man those feeling got me flipping out

I'm tripping (x2)

I'm sipping

Sipping got me twitted oh

I'm catching all the energy your giving out

Hey and on the ceiling man I feel like I could touch the coulds

I'm tripping (x2)

[Verse 2: Buddy]

I'm back at it again

I'm coming down Melrose

Running a check up for cardio

Smoking luigy eating that mario's  
Ok then let's see how far we go  
Off the shits when I'm in the studio  
Tripping on acid with rufio  
Minds turn into colonoscope  
I think I'm going delusional  
Brain dead, mind gone, warp speed  
Flying thought time zones  
Roll a blunt about a mile long  
Can a young nigga get a shine on  
Pour the licor on my tombstone  
When I die bet I get my halo  
Cause I aim high, never aim low  
Bout to take off like Quavo[Hook: Khalid]  
I'm sipping  
Sipping got me twitted up  
I'm living  
Living got me tripping out  
No feelings  
Man those feeling got me flipping out  
I'm tripping (x2)
