

Would You Love Me (feat. Busy Signal)

Raging Fyah

Oh baby
You get this world
Oh yeaI don't wanna live in a glass house
I don't want it made of gold
Do you have desire for diamonds baby
Tell me how the story goes
Sitting in my hut by the beach side
Watching today's sun grow old
Remembering your words while I clear my conscience
Wondering if the future knowsIf I gave you everything I am
Would you love me
Would you love me
If I gave you everything I own
Would you love me
Would you love me
2 Busy Signal
You know you are my Mona Lisa
Stay by my side girl don't you leave
I'll give you everything you need
Love from my heart girl just receive
If tables turn please don't go away girl
You know you know I really want you
You gave me life you bring me joy too
Spending quality time and ting
No money no vanity nor diamond ring
I'm your king you're my queen ah Sheba
I give you fire you give me feva
Mek we set it off like Queen Latifah
Genuine love me have up unda dah sleeve yah
Girl would you treat me unkind
If I gave you everything would you love light shine
If I gave you everything I am
Would you love me
Would you love me
If I gave you everything I own
Would you love me
Would you love meLoving you it ain't so easy
Oh yes am telling the truth
I try to understand your language
Yes it's hard to do
Yes I wanna give you the rainbow
Yes I fly away to the moon

I give you everything that I got now baby
Wonder if you do it too If I gave you everything I am
Would you love me
Would you love me
If I gave you everything I own
Would you love me
