

# Built My Legacy (feat. Offset)

## Kodak Black

Yo, yo  
Built my legacy  
Drivin' Bentleys, not no Lexuses  
She on ecstasy  
Fuck her two times then I left the bitch  
Not with that extra shit  
I won't text the bitch, just sex the bitch  
We young and reckless  
Pull up with TECS and shit, kill pedestrians  
I'm on Perc and I'm on lean and I'm on bars  
Pull up, TECS and shit, start wettin' shit out the car  
How you go big on big my nigga, I'm extra large  
San Diego, I be beatin' all my charges, ay  
Glock got a private part, ay  
Car be push to start, yeah  
Your lady done got involved  
Off xans I'm noddin' off  
Don't make me make the call  
My nigga'll slay his daughter  
My nigga ain't got no heart  
My nigga'll slay his pops  
Free Cool, he in the box  
Free Cool, he on the boot  
I'm on the phone with him  
I'm rollin' 'cause I'm tooted too, ay  
Pull up in coupesì, ay  
Drop out and shoot, ay  
Lil' Tay on the roof, ay  
We all got a woo on us  
You niggas can't get no verse  
You're lucky you got a chorus  
I don't like 911  
Except when I'm in a Porsche  
I hop out, pop the top  
New Belair, pop the corks  
No time to be goin' to court  
That baby gon' get abort  
Built my legacy  
Drivin' Bentleys, not no Lexuses  
She on ecstasy  
Fuck her two times then I left the bitch  
Not with that extra shit

I won't text the bitch, just sex the bitch  
We young and reckless  
Pull up with TECS and shit, kill pedestrians  
I'm on Perc and I'm on lean and I'm on bars  
Pull up, TECS and shit, start wettin' shit out the car  
How you go big on big my nigga, I'm extra large I was off the chain but now my songs all over  
the charts, yeah  
Now she give me head whenever I knock her head off, yeah  
I'm a head honcho the way I knock your whole lil' set off, yeah, yo  
Got a AR-15 with the scope, this ain't no airsoft  
Ain't talkin' Migos, when I see you I'm gon' take off  
Yeah yeah, ain't it  
Baby let's get faded  
You're mad you ain't make The Fader  
On XXL, you hatin'  
Nigga wanna set me in Vegas  
I done did too many frauds  
I was 17 with 80  
Started noticin' somethin' crazy  
He 17 with 80  
No choice, they had to take it  
My lawyer got a bag  
Say: I appreciate it  
Now shawty 20 racks  
Don't believe her name Raven  
You can go and fuckin' ask  
But I thank the Lord I made it  
All I gotta do is rap Built my legacy  
Drivin' Bentleys, not no Lexuses  
She on ecstasy  
Fuck her two times then I left the bitch  
Not with that extra shit  
I won't text the bitch, just sex the bitch  
We young and reckless  
Pull up with TECS and shit, kill pedestrians  
I'm on Perc and I'm on lean and I'm on bars (I medicate it too)  
Pull up, TECS and shit, start wettin' shit out the car (hop and sprint too)  
How you go big on big my nigga, I'm extra large (ey ey I'm overweighted too) I'm takin' bars,  
find my inmates tryna break you loose  
My jeweler chain sent the wrong bracelet to my boo  
I'm with Blac Chyna but she ain't nothin' but a Florida swoop  
She say I'm a dawg, Snoop  
I'm runnin' too hot for you  
I don't need no child from you  
It's Project Baby 2
