

Come On Over

Sevyn Streeter

On my mind just one thing
You and me doing some things
No particular one place
I'm wrong, oh Open to changes
Positions and angles
Tonight I ain't no angel
Oh no, no Boy, what you're waiting for?
It's open doors, why don't you take a tour
You got them keys, I'll open up the door
Oh you're what I need
Boy I've been looking forward to you
I'll be waiting
I've been thinking bout you
Can't get you off my mind
And if I gave it to you
Why didn't you love me right?
But I won't have to wonder
If you'll just come on over Boy could you drive me crazy?
Take me for a ride
Wouldn't it be amazing?
If I was yours tonight
But I won't have to wonder
If you'll just come on over Sent me a message
You don't usually text me
Say you want me for breakfast
Oh oh
Certified protected
We can make an arrangement
I don't have a string attached
You know, so Boy, what you're waiting for?
It's open doors, why don't you take a tour
You got them keys, I'll open up the door
Oh you're what I need
Boy I've been looking forward to you
I'll be waiting I've been thinking bout you
Can't get you off my mind
And if I gave it to you
Why didn't you love me right?
But I won't have to wonder
If you'll just come on over Boy could you drive me crazy?
Take me for a ride
Wouldn't it be amazing?

If I was yours tonight
But I won't have to wonder
If you'll just come on over I know what I want (oh yea)
I feel it coming on (oh yea)
And my patience's running out (oh yea)
I want you right here, right now I know what I want (oh yea)
I feel it coming on (oh yea)
And my patience's running out (oh yea)
I want you right here, right now I've been thinking bout you
Can't get you off my mind
And if I gave it to you
Why didn't you love me right?
But I won't have to wonder
If you'll just come on over Boy could you drive me crazy?
Take me for a ride
Wouldn't it be amazing?
If I was yours tonight
But I won't have to wonder
If you'll just come on over If you come on over
If you come on over
