

Influence (feat. Wiz Khalifa)

Tove Lo

First line, take mine; I'm fine as fuck
Love myself tonight and I think you can feel the same
Moonshine, good time; babe, you're in luck
Cause I will do whatever comes to mind
You'll go insane Things I say don't usually come easily
There's one thing I need you now to know 'bout me You know I'm under the influence
So don't trust every word I say, I say
When I'm under the influence
It's a blur, but I want my way, my way
You know I'm under the influence
So don't trust every word I say, I say
Sounds good without making sense
It's a blur, but I want my way, my way
When I'm under the influence
Take off, liquor; I feel the beat
Hold onto the floor but I keep spinnin' round and round
Swing me, baby, back on my feet
Hiding in the crowd; we're making love without a sound Things I say don't usually come easily
There's one thing I need you now to know 'bout me You know I'm under the influence
So don't trust every word I say, I say
When I'm under the influence
It's a blur, but I want my way, my way
You know I'm under the influence
So don't trust every word I say, I say
Sounds good without making sense
It's a blur, but I want my way, my way
When I'm under the influence
Boy meets, boy meets
Girl meets girl
This is the best place in the world
Boy meets, boy meets
Girl meets girl
This is the best place in the world
Boy meets, boy meets
Girl meets girl
This is the best place in the world You know I'm under the influence
So don't trust every word I say, I say
When I'm under the influence
It's a blur, but I want my way, my way
You know I'm under the influence
So don't trust every word I say, I say
Sounds good without making sense

It's a blur, but I want my way, my way
When I'm under the influence
