

# Influence (feat. Wiz Khalifa)

## Tove Lo

First line, take mine; I'm fine as fuck  
Love myself tonight and I think you can feel the same  
Moonshine, good time; babe, you're in luck  
Cause I will do whatever comes to mind  
You'll go insane Things I say don't usually come easily  
There's one thing I need you now to know 'bout me You know I'm under the influence  
So don't trust every word I say, I say  
When I'm under the influence  
It's a blur, but I want my way, my way  
You know I'm under the influence  
So don't trust every word I say, I say  
Sounds good without making sense  
It's a blur, but I want my way, my way  
When I'm under the influence  
Take off, liquor; I feel the beat  
Hold onto the floor but I keep spinnin' round and round  
Swing me, baby, back on my feet  
Hiding in the crowd; we're making love without a sound Things I say don't usually come easily  
There's one thing I need you now to know 'bout me You know I'm under the influence  
So don't trust every word I say, I say  
When I'm under the influence  
It's a blur, but I want my way, my way  
You know I'm under the influence  
So don't trust every word I say, I say  
Sounds good without making sense  
It's a blur, but I want my way, my way  
When I'm under the influence  
Boy meets, boy meets  
Girl meets girl  
This is the best place in the world  
Boy meets, boy meets  
Girl meets girl  
This is the best place in the world  
Boy meets, boy meets  
Girl meets girl  
This is the best place in the world You know I'm under the influence  
So don't trust every word I say, I say  
When I'm under the influence  
It's a blur, but I want my way, my way  
You know I'm under the influence  
So don't trust every word I say, I say  
Sounds good without making sense

It's a blur, but I want my way, my way  
When I'm under the influence
