

# Woman Like a Man

Damien Rice

I need a piss  
Wanna hate  
Fuck it up  
Come My love  
Eat your meat  
Keep your teeth  
Run You lost me  
You cost me  
You thought me of me, yeah  
We're bad  
What we do  
Stupid fools You wanna get boned  
You wanna get stoned  
You wanna get a room like no-one else You wanna be rich  
You wanna be kitch  
You wanna be the master of yourself You wanna get burned  
You wanna get turned  
You wanna get fucked inside out You wanna be ruled  
You wanna be fooled  
You wanna be a woman like a man  
Like a, like a, like a  
Woman like a man, like a man, like a woman like a man, like a man  
(I'll get a cheaper ticket next time)  
Woman like a man, woman like a man, like a woman like a man, woman like a man  
(I'll get a cheaper ticket next time)  
Woman like a man, like a man, like a woman like a man, woman like a man  
(I'll get a cheaper ticket next time)  
Woman like a man, like a man, like a woman like a man, like a man  
(It really wasn't worth the ride) I need a hit  
Want to wait  
Suck it up  
Come My love  
Eat your meat  
Itchy feet  
Run You reach me  
You bleach me  
You teach me of me  
How familiar We're bad  
What we do  
Stupid fools You wanna get boned  
You wanna get stoned  
You wanna get a room like no-one else You wanna be rich

You wanna be kitch  
 You wanna be the master of yourself You wanna get burned  
 You wanna get turned  
 You wanna get fucked inside out You wanna be ruled  
 You wanna be fooled  
 You wanna be a woman like a man  
 Like a woman, like a, like a Woman like a man, like a man, like a woman like a man, woman  
 like a man  
 (I'll get a cheaper ticket next time)  
 Woman like a man, like a man, like a woman like a man, like a man  
 (I'll get a cheaper ticket next time)  
 Like a man, like a woman like a man, like a, like a man, like a man  
 (I'll get a cheaper ticket next time)  
 Woman like a man, woman like a man, like a woman like a man, like a man  
 (It really wasn't worth the ride) You wanna get boned  
 You wanna get stoned  
 You wanna get a room like no-one else You wanna be rich  
 You wanna be kitch  
 You wanna be the master of yourself You wanna get burned  
 You wanna get turned  
 You wanna get fucked inside out You wanna be ruled  
 You wanna be fooled  
 You wanna be a woman like a man  
 Like a woman, like a, like a man  
 Like a man  
 Like a man, man, man, man...  
 Like a man, man, man, man...  
 Like a man Like a man, like a man, like a man, like a man  
 (I'll get a cheaper ticket next time)  
 Woman like a man, like a man, like a woman like a man, like a man  
 (I'll get a cheaper ticket next time)  
 Woman like a man, like a man, like a man, woman like a man  
 (I'll get a cheaper ticket next time)  
 Woman like a man, like a man, like a man  
 (It really wasn't worth the ride) Like a man, like a man, like a man, like a man  
 (I'll get a cheaper ticket next time)  
 Like a man, like a man, like a woman like a man, like a man  
 (I'll get a cheaper ticket next time)  
 Woman like a man, like a man, like a man, like a man  
 (I'll get a cheaper ticket next time)  
 Woman like a man, woman like a man, woman like a man, like a man  
 (It really wasn't worth the ride)
