## **Slow Down (feat. The Team)**

## **Clyde Carson**

I tell em

Slow down, you know you can't catch me
I move too fast on the gas, don't chase me
Slow down, slow down(I tell 'em)
Ay, I'm on the case gettin' sideways
Dolla fo' five on the highway
You know a nigga state to state
On a dolo mission I got a date with the cake
Wide awoke, 3 A.M

Prolly touch down when the sun come in Ay, when them guards hit the gate I be tired as fuck after that 8-hour race I come from the land where we swing our cars

Figure 8 Benz concrete leave marks
Call it paid, super-charged
Back to back race the Benz with the four door Porsche
I'm tearin' up tires in this luxury
Hella smoke says she wanna fuck with me
Money on my mind ain't nothin' for free

Tryna keep up with me but it's nothin' to me (I tell 'em)

Slow down, you know you can't catch me
Hype without fugitive, Snipes Wesley
Fuzz get on me tried to test me arrest me
Wet than a motha fucka whip like a jet ski
Ride like Presley, pills like Graceland
They wanna shit me the readee and off to reception

Nah, ain't tryna see the state pen I'm Black Scaled out in my Ray-Bans Diamond-certified, I ain't neva lied I ain't had L's since Pac died

Ridin' through the biters, couple bundles talkin' bout sliders

Run from the labors, mind's still swift
FedEx movement all on the bitch
Audi with the stash box, Cazzy too swift
No frontin' push a button give a nigga that... gift
I'm Jeff Gordon in his heyday
din' like Tony Stewart smashin' through a two-way

Ridin' like Tony Stewart smashin' through a two-way
Doin' bout a hundred kinda burnin' up the Lou-ie
Lou-ie, Louie 13th motha fucka yeah Louie
D.U.I. drivin black Henny on my lap
Pedal to the flo' with a 808 clap
Money motivated doin' sprints when I'm chasin'

And it gotta be a hemi I don't normally do the basic Six-cylinder, r-really bruh? Slow it down, keep up And I'm killin' ya, hope I'm not offendin' ya See you at the finish line, leavin' em Burn rubba, bu-burn rubba

This is how we do it when I'm dippin' on a corna Burn rubba, bu-burn rubba

This is how we do it in Northern California
