

# Slow

## Grouplove

Time moves slow  
Time moves slow  
Time moves slow But it's you who brought me here  
You, through all these years Time moves slow  
Time moves slow But it's you who brought me here  
It's you and all your cheers  
You who brings a fear  
You, through all these years  
Time moves slow  
Time moves slow  
Time moves slow  
Time moves slow
