

# Merry Xmas (feat. Monty)

## Fetty Wap

Anywhere you want, I can take you there, I swear baby  
Anything you need, I can get for you, be clear baby  
Girl you are my drug, how I fiend for you, beware baby  
Ay, yeahh baby

This is Merry Christmas to you  
We're all in love with Christmas, it's true  
And all I want for Christmas is you  
I said, all I want for Christmas is you  
I said, all I want for Christmas  
Hold up, let's check my wishlist  
Giving you something different  
I'm where they say he isn't  
You're mine, you know he isn't  
And I play my position  
I'm Jordan and peeps is Pippen  
I'm warmed up, let's have a scrimmage  
Most valuable player in it

I'ma show you how to shine on them baby, ay  
Keep going, don't waste no time on 'em baby, ay  
Girl you shine brighter than a diamond, I swear  
And if you like it, it can be Christmas all year  
Said you shine brighter than a diamond, I swear  
And if you like it, it can be Christmas all year  
17, you know the squad with me baby, ay  
Take care of you, that's just a job for me baby, ay

This is Merry Christmas to you  
We're all in love with Christmas, it's true  
And all I want for Christmas is you  
I said, all I want for Christmas is you  
What you want for Christmas?  
I handle my business  
Zoovie got like ten whips  
It was 4th and inches

The way we blowing money like a motherfucker been rich  
Chilling where it's sunny and my honey got the French tips

Lighten up this Christmas tree  
Baby, come and get with me  
Take a trip to Tiffany

Late night, you be missing me  
All red, like I'm Santa Claus  
You can see your man tomorrow

I am not no imature

Pull up in them fancy cars  
Everyday a holiday  
Balling like I'm Hardaway  
Monty Zoo, you know I'm paid  
Rolling like some roller blades  
Hit me, I come right away  
Smoking by the fireplace  
And I'm young and gifted  
I want you for Christmas  
This is Merry Christmas to you  
We're all in love with Christmas, it's true  
And all I want for Christmas is you  
I said, all I want for Christmas is you  
Anywhere you want, I can take you there, I swear baby  
Anything you need, I can get for you, be clear baby  
Girl you are my drug how I fiend for you, beware baby  
Ay, yeaah baby  
Anywhere you want, I can take you there, I swear baby  
Anything you need, I can get for you, be clear baby  
Girl you are my drug how I fiend for you, beware baby  
Ay, yeaah baby  
This is Merry Christmas to you  
We're all in love with Christmas, it's true  
And all I want for Christmas is you  
I said, all I want for Christmas is you
