

Crabbuckit

k-os

[verse one]

It's high now

So low it's high

Like this, check it out yo Took a trip on a bus that I didn't know

Met a girl sellin' drinks at the disco

Said truth comes back when you let it go

Seems complicated cause it's really so simple

Walkin' down Yonge Street on a Friday

Can't follow them, gotta do it my way

No fast lane, still on a highway

Movin' in and out, no doubt there's a brighter day

[chorus [repeat 2x]

No time to get down cause I'm moving up

No time to get down cause I'm moving up

No time to get down cause I'm moving up

Ahh, haa... check out the crabs in the bucket [verse two]

(It's like this, it's like this, yeah it really is)

It's like flies on the windscreen, writing on walls

square these clones claim there havin a ball

flamin' themselves just before last call

Tic-a-tic-a-toc tic-a-tic-a-toc

Clock strikes twelve, clock strikes one

Smoking gun put these fools on the run

I know it's not that simple, I know it's not that hard

where's your goal

[chorus [repeat 2x]

No time to get down cause I'm moving up

No time to get down cause I'm moving up

No time to get down cause I'm moving up

Ahh, haa... check out the crabs in the bucket [verse three]
(Ya know 'at I mean, yeah, I heard you man, yo, check, yo)

Yo, it's a conniption, fit on the microphones flit

I take it higher like a bird on a wire, retire the fire

I never, cause I'm just moving on up,

Choosin' to touch, the unseen, craving the clutch

The most inevitable, legible pyro-mania

Slaying the devil, and send em back to Transylvania

Strangely enough, I uphold that side of the ghetto

From my heavy metal will settle the puppets like Gepetto

Damm, if mirrors where created by sand

when I'm looking in the water for reflections of man

Understand the minds above time when it's empty

MC, Tragically Hip - Ahead by a Century[chorus [repeat 2x]

No time to get down cause I'm moving up

No time to get down cause I'm moving up

No time to get down cause I'm moving up

Ahh, haa... check out the crabs in the bucket
