

Jigsaw

Lloyd

Remember when I told you I'd be honest with you, babe?
Well, I got something I need to tell you This ain't about no other girls
This ain't even about you
I mean I still love you
But I just gotta get my shit together See you don't remember the last time you asked
"Baby, where you going?"
Or the last time
You heard the key to the lock without you knowing But I got it all out of my system
And told my alibi bye
Don't you feel like my only
'Cause I gave up on my side life
And I thought that you was sleeping
But you've been watching
And your tongue ain't saying nothing 'Cause baby, you don't know, yeah
Every such reason, I been back and been through it
And oh, try to figure out my jigsaw
Said you've been so lost I've been giving mixed feelings
You want it back but we got there
Open And I'm so guilty
It ain't nothing like when you had me
Open Open
Open
Yeah, I know I pinky promised I won't screw you over
Instead I made you call your pillow super soaker
Wondering why I canceled my plans, put you on my day off
Searching in my pocket for my phone or check my collar And I thought that you was sleeping
But you've been watching
And your tongue ain't saying nothing 'Cause, baby, you don't know
Every such reason, I been back and been through it
And oh, try to figure out my jigsaw
Said you've been so lost I've been giving mixed feelings
You want it back but we got there
Open And I'm so guilty
It ain't nothing like when you had me, girl
Open Open
Open
When you had me You want it back but you got me, girl
I've been giving mixed feelings I've been giving mixed feelings
You want it back but we got there
Open And I'm so guilty
It ain't nothing like when you had me, girl
Open Open

Open
I'm so sorry, baby
