

People Are People

Dope

Can't you understand
What makes a man
Hate another man
Help me understand People are people
So why should it be
That you and I should get along awfully
People are people
So why should it be
That you and I should get along awfully So now there's different colors
And there's different breeds
And different people
Have different needs
It's obvious you hate me
Though I've done nothing wrong
I've never even met you
So what could I have done Can't you understand
What makes a man
Hate another man
Help me understand People are people
So why should it be
That you and I should get along awfully
People are people
So why should it be
That you and I should get along awfully So now you're punching
And you're kicking
And you're screaming at me
You're relying on my common decency
I know it hasn't surfaced
But I'm sure it exists
It just takes a while to travel
From my head to my fist (boom) Can't you understand
What makes a man
Hate another man
Help me understand People are people
So why should it be
That you and I should get along awfully
People are people
So why should it be
That you and I should get along awfully Can't you understand
What makes a man
Hate another man
Help me understand Can't you understand

What makes a man
Hate another man
Help me understand People are people
So why should it be
That you and I should get along awfully
People are people
So why should it be
That you and I should get along awfully People are people
Why should it be that we get along so awfully
(Can't you understand) why should it be
Can't we get along, 'cause people are people
(Can't you understand) why should it be
Can't we get along, 'cause people are people
(Can't you understand) why should it be
Can't we get along, 'cause people are people
