

# Speed Dreamin'

Warren G

Speed dreamin', switchin' in the fast lane  
Speed dreamin', on in over-drive  
Speed dreamin', got it in cruise control  
Trying to get back to where I shoulda been by know  
Cadillacs stand to the tree line, I making  
then be like  
Swerving to the curve, tires pealin' rubber pealin'  
Pull up to a halt but then I'm thinking somewhat old  
To talk in line to [Incomprehensible] I got funk for all y'all from me to the bid dogs  
Get your asses up pass the blunt  
Smoke sum, after this go and poke some  
Um excuse me Warren, I got something about substance abuse  
Roll a half ounce up jump in my  
shit  
Hit a switch watch it bounce up good grief  
Meet me in the elco with gold leaf  
RIM big pimpin' like Filmore slim  
Tinted rim Mista Grimm rollin' shotgun hop one  
Drop one, nigga hit'em with the bop'n  
Yeah, I got the chronic its ferocious  
You can feel it in your bones like osteoporosis  
West coast shit, I'm grabbin' my go nads  
And slangin' gangsta vocabs straight of the notepad  
Aft the dope sack, quote that gangsta funk  
Warren G, what y'all thought bringing the funk  
Speed dreamin', switchin' in the fast lane  
Speed dreamin', on in over-drive  
Speed dreamin', got it in cruise control  
Trying to get back to where I shoulda been by know  
You listening to G rhymes and I'm here to  
drop lines  
I got that funky fly shit that you wanna hear all the time  
All in your system like menthol, yes y'all  
Just remove CD from packet then install, in your stereo here you go  
New material grand imperial, eat your Mista Grimm cereal  
Hit the floor what's rough rugged  
Twenty four karat nugget like the  
Microphone's right here n my Gucci leather I'm t ruggish  
To the bone marrow and soke 'n' linen  
apparel  
Talkin' the double barrel black super hero rhymin'  
Rappin' sittin' busting like its nothing still puffin', coughin' chokin'  
Wild up in the fan's in Oakland floatin'  
Swerving taking the dirty version between persion  
Sippin' burban brand new excursion message  
Salt kills snails not playa's  
It's that west covin' rhyme, saya yeah  
Cadillacs stand to the tree line, I making then be like  
Swerving to the curve, tires pealin' rubber pealin'  
Pull up to a halt but then I'm thinking somewhat old

To talk in line to [Incomprehensible] And I'm speed dreamin', switchin' in the fast lane  
 Speed dreamin', on in over-drive  
 Speed dreamin', got it in cruise control  
 Trying to get back to where I shoulda been by know Mista G R I M, we didn't drop one  
 With my Uncle George, we didn't lock one  
 Atomic dogg, knee deep, in the fast lane With the 454 engine block burnin' rubber for a block  
 cycle  
 Like a hitch cock flick, Trick, send us your thoughts  
 Streamin' while let's our shots adrenaline pumpin'  
 G Dub say somethin' Supercalafragalocus you could quote this off that purple  
 You can blow this light it up, pass it around  
 We make the world go round  
 Like this G Funk sound I keep the pedal to the medal speed dreamin'  
 Slidin' dip 'n' glidin' chocolate tide eye, jump in let's ride  
 Hop in the mother ship and dip with Mista Grimm  
 And Warren G, grab that shiznit Speed dreamin', switchin' in the fast lane  
 Speed dreamin', on in over-drive  
 Speed dreamin', got it in cruise control  
 Trying to get back to where I shoulda been by know Here's to that someone who can't take the  
 pressure  
 Mercy for that poor fu who made the news  
 Who feel pissed on that insist on killing all men  
 Can't take the sorrow of the horrors of his abuse It ain't worth the sorrows to  
 'Cause the death of likes of all men  
 Hes a discrease to the species in to his face with some feacies  
 Big nose mothafucka got it comin' How many licks does it take to get to the center of a sucka  
 How many days you have to be before you get absent  
 Warren G with the P you beta step aside  
 I'll stick my foot so far up in your ass The water his knee will rise above your head and drown  
 Before you get your ass kickin'  
 Stomp stepin' in footsteps hard to keep up with  
 Warren G stepin' hard but it ain't as hard as it gone get
