

# Who Let the Ghosts Out

## The Hit Crew

Halloween night comes once a year,  
When lots of spooky things appear,  
There's pumpkins and skeletons and scary sounds too,  
Like when someone comes up and yells BOO!!  
Who let the ghosts out, I wish they didn't do it!  
Who let the ghosts out, what a fright!  
Who let the ghosts out, they really blew it!  
Who let the ghosts out on Halloween night?!  
You better watch out when you trick or treat,  
There's little witches and goblins in the street,  
But the thing that just might scare you the most,  
Is if you meet up with a ghost! OH!  
Who let the ghosts out, I wish they didn't do it,  
Who let the ghosts out what a fright,  
Who let the ghosts out, they really blew it,  
Who let the ghosts out on Halloween night?  
Was it you?  
Was it you?  
Was it you?  
(scary sounds)  
Now there's little ones and big ones gliding by,  
You can see them in the sky,  
Some are thin and some are stout,  
I wonder who let them out? OH!  
Who let the ghosts out, I wish they didn't do it,  
Who let the ghosts out, what a fright,  
Who let the ghosts out, they really blew it,  
Who let the ghosts out on Halloween night?  
Who let the ghosts out, I wish they didn't do it,  
Who let the ghosts out, what a fright,  
Who let the ghosts out, they really blew it,  
Who let the ghosts out on Halloween night?  
Who let the ghosts out on Halloween night? OH!  
Who let the ghosts out on Halloween night?  
(scary sounds)
