

Sisters of the Light

Xandria

Follow me through the night
We are sisters of the light Follow me through the night
We are sisters of the light
We are daughters of sin
We are laughter in the wind
Follow me through the night
We are sisters of the light
We are wild, we are free
Through the darkness, follow me I am here to break the silence and
I want you to be the voice of mine
Follow me
Follow me
Follow me
Now
Follow me through the night
We are sisters of the light
We are daughters of sin
We are laughter in the wind Follow me through the night
We are sisters of the light
We are wild, we are free
Through the darkness, follow me
You alone, you can let time stand still
And you create the missing element
We're the fires of hell
We're the deep rough sea We're the stormy air
We are, we
We're the ashes of time
And we are banshee
Through the darkness, sisters
Follow me
Follow me
Follow me
Follow me
Now
Follow me through the night
We are sisters of the light
We are daughters of sin
We are laughter in the wind Follow me through the night
We are sisters of the light
We are wild, we are free
Through the darkness, follow me Sisters
Of the light

Sisters
Of the light
Follow me through the night
We are sisters of the light
We are daughters of sin
We are laughter in the wind
Follow me through the night
We are sisters of the light
We are wild, we are free
Through the darkness, follow me
We are sisters of the light
