

# Hard Livin'

Chris Stapleton

I used to love to look for a fight  
I'd get drunk and shoot out the lights  
I was known to get outta hand  
A rough and rowdy honky tonk man Never thought it would happen to me  
But this hard livin' ain't as easy as it used to be I looked a lot, but I've never found  
A woman that could settle me down  
I been known to have a good time  
No, I could never walk the line Never thought it would happen to me  
But this hard livin' ain't as easy as it used to be Never thought it would happen to me  
But this hard livin' ain't as easy as it used to be  
Woo!
