

California

Never Shout Never

Oh my god I
Had the most amazing time
Last night
I dreamt I saw you again
That's when the flashbacks started to begin They started slow
But then picked up fast
So I got off my ass
And I ran away To Californ-ia
(La la la la, la la la la, la la la la)
To Californ-ia
(La la la la, la la la la, la la la la, la la la la)
Oh my god I
Should've never let you leave my side
Should've never left you alone
It probably seems like I'm never coming home But I'm so lost
Living life fast
Please get off your ass
So I won't waste away In Californ-ia
(La, la la la, la la la
La la la la la la la, la la la, la la la)
Californ-ia
(La la la la la la la, la la la
La la la, la la la la la la la, la la la, la la la) Just so you know
I'm never coming home
I'm having a great day (great day, great day, great day)
Hey
In Californ-ia
(La, la la la, la la la, la la la la la la la
La la la, la la la, la la la la la la la
La la la, la la la, la la la la la la la
La la la, la la la, la la la la la la la)
