

# Motion

Khalid

[Verse 1]

You'd rather speak more than listen  
And that's based off our first impression  
I'm new to all this affection  
But I'm going in the right direction  
Floating through different dimensions  
But not losing sense of religion  
Honey, I forgot to mention  
I'm so entranced by the rhythm [Chorus]

I'm in love with the moment  
See me floatin', see me glowin'  
I'm in love with the moment  
See me floatin', see me glowin'

[Verse 2]

Can't let me go if I'm fallin'  
I've been on the path of importance  
Let the love pull you in slowly  
The river is running, we're flowing  
I'm coming down, you've been rollin'  
And we're letting free, now we're open  
Pour me a, pour me a potion  
I'm rocking, I'm rocking the motion [Chorus]

I'm in love with the moment  
See me floatin', see me glowin'  
I'm in love with the moment  
See me floatin', see me glowin'

[Outro]

Nothing feels better than this  
Now, left, right, left, right  
Take it back, bring it side to side  
Like that, like that, ayy  
Ooh, now, left, right, left, right  
Take it back, bring it side to side  
Like

Nothing feels better than this  
Now, left, right, left, right  
Take it back, bring it side to side  
Like that, like that, ayy  
Ooh, now, left, right, left, right  
Take it back, bring it side to side  
Like

Nothing feels better than this

That made me feel like I'm just speeding, doing 60 in a 35  
We're sitting in a car and just holding hands
