

Sweet Sun

Milky Chance

Look at you
I am attracted to you like the sun
To the moon and ill be sweeping when i touch the skin
Shake your soul into the wide open space and leave
the teatro Tony area so that
you can see
How we explode like the lights in the dark
And how we glow
Like it will never be the truth of the minds
That we forget
So let me tell you what i know if I can
you know i try
I never want to leave the bubble we've made
What we create
Mmmm you're my baby
And your sweet sweet heart makes me crazy
Mmmm you're my baby
I want to lay you down and see how you amate me
You push me up to the inglorious shadows of your craving
And if we fall
Them we grow up like exponential assembly
I'd never thought that some craving can stun your mind in behaving
That you forget the joy you've reaped and all the times when we made it
We were the pink rose soldiers of the century of blissful
We were 1969
We were Jimmy and Janis
We are the prophets of ourselves
We choose the way of dimension
We are caught up from the amount of the frenetic love tension
Mmmm you're my baby
And your sweet sweet sun makes me crazy
Mmmm you're my baby
I want to lay you down and see how you amaze me
You push me up to the inglorious shadows of a craving
And if we fall we blow up like exponential assembly
I never thought that some training can stand your mind from behaving
Did you forget the joy you've reaped and all the times when we made it
We were the pink gold soldiers of the century of blissful
We were 1969
We were Jimmy and Janice
We are the prophets of the sails
We choose the way of dimension

We are caught up from the amount of the frenetic love tension
Mmmm you're my baby
And your sweet sweet sun makes me crazy
Mmmm you're my baby
I want to lay you down and see how you amaze me
