

Girlfriend

Phoenix

Tired out,
Not a miracle in this.
Oh yeah.
Sad is for the lonely.
Wishin' tears. Tried nothing if you dropped dead.
Not a miracle in years.
That's for the lonely.
Wishin' this this is is sarian, this this is is yourian. Die and see,
You say it out loud,
But you just don't care.
Well, well, well, well, well, well, well,
Do you know me well?
Well, well, well, well, well, well, well,
Do you know me well?
Girlfriend?
Well, you're far from home,
I'm with you now.
I'm lonely,
I'm loneliness too.
Boy, the miracles still give fortune tears. This is the glory, is this how you want it?
Not a miracle in years.
Sad is for the lonely.
Wishin' that, that, that,
Wishes that, that, that for this. Die and see
I say it out loud,
But you just don't care.
Well, well, well, well, well, well, well,
Do you know me well?
Well, well, well, well, well, well, well,
Do you know me well?
Girlfriend?
Die and see,
I say it out loud,
But you just don't care.
And well, well, well, well, well, well, well...
Girlfriend...
