

Suzanne and I

Anna Calvi

Suzanne and I
Never will we be apart
Suzanne and I
Never will we be apart But we hold, hold, hold it down
Oh we hold, hold, hold it down 'Cause the night calls me
When the wind leads behind the world
When the wind leads behind the world
But we hold, hold it down
Oh we hold, hold, hold it down
'Cause the night calls for Suzanne and I
Suzanne and I
Suzanne and I
Suzanne and I
We will rise We hold, hold, hold it down
But we hold, hold, hold it down
But we hold, hold, hold it down
'Cause I never, ever, ever, ever be alone
Suzanne and I
Suzanne and I
Suzanne and I
Suzanne and I
We will rise
