

Yeah Boy

Kelsea Ballerini

Captured my attention
Make my heart stop and listen
When you look my way
Blue jeans and a ball cap
Thinking that you're all that
And I'm thinking the same You got that something in your eyes
I think about it all the time
If you ever wonder
If I wanna make you mine Yeah boy
I'm digging what you're doing
Yeah boy
I'm trying to keep it cool
But you're making it hard
I'm wishing your arms
Were wrapping me up tight
Yeah boy
You shine and you can't even help it
Yeah boy
Your eyes could make the moon jealous
And if you wanna know
If I wanna be your girl tonight
Yeah boy Every song that's playing
Gets me thinking about you baby
And the way you roll
So, let's
Put down the drop top
Burn a little black top
Off that road Baby what we're waiting on
The stars are out the night is young
If you wanna know
If I wanna go and get gone
Yeah boy
I'm digging what you're doing
Yeah boy
I'm trying to keep it cool
But you're making it hard
I'm wishing your arms
Were wrapping me up tight Yeah boy
You shine and you can't even help it
Yeah boy
Your eyes could make the moon jealous
And if you wanna know

If I wanna be your girl tonight
Yeah boy Yeah boy
I wanna take a little ride with you
Yeah boy
I wanna spend a little time with you
Yeah boy
I wanna sip a little wine with you
Oh oh oh Yeah boy
I wanna take a little ride with you
Yeah boy
I wanna spend a little time with you
Yeah boy
I wanna sip a little wine with you
Oh oh oh Yeah boy
I'm digging what you're doing
Yeah boy
I'm trying to keep it cool
But you're making it hard
I'm wishing your arms
Were wrapping me up tight Yeah boy
You shine and you can't even help it
Yeah boy
Your eyes could make the moon jealous
And if you wanna know
If I wanna be your girl tonight Yeah
Yeah boy
Yeah boy Yeah boy
I wanna take a little ride with you
Yeah boy
I wanna spend a little time with you
Yeah boy
I wanna sip a little wine with you
Oh oh oh
Yeah boy
I wanna take a little ride with you
Yeah boy
I wanna spend a little time with you
Yeah boy
I wanna sip a little wine with you
Oh oh oh
Yeah boy
